PROBLEM

Homeless Youth in Germany

40.000 People in Germany
are under 27 years old and
homeless or in danger of
losing their homes

PROBLEM

Off Road Kids

The background of the slide features a silhouette of four people (three adults and one child) holding a rope, likely participating in a team-building exercise. They are positioned in front of a bright sunset or sunrise, with the sun low on the horizon. The silhouettes are dark against the warm, orange and yellow light of the sky. The overall mood is one of teamwork and outdoor activity.

Off Road Kids has tried to help more than 3000 of them in the first half of 2023.

But there are
too few Social workers
for too many requests
